CEMBRE focused on these targets:

Business development thanks to:

- A **strengthening of CEMBRE competitive advantage** by developing **new products and continuous product range renewing** by an **intense R&D activity**
- Improvement of the distributor channel in foreign countries
- An **higher penetration in the foreign markets**, especially in the US and Germany
- A commercial commitment focus on **high growing potential products**

Cost management by a better operative efficiency obtained from economies of scale and process innovations;

Enforcing the manufacturing structure by investing in high-tech, highly-automated machinery.

The automated warehouse, located in a **4,800 m² industrial building** built in 2012, has been operating from January, 2013.

In January 2023, the project to expand the production capacity of "Electrical Connectors" at the Cembre SpA headquarters was approved for a maximum investment of €42 million, which provides for non-repayable contributions for a maximum of €4.9 million.

Future facilities for the production of electrical connectors

Automated warehouse

In 2023, work began on the construction of two new industrial buildings for a total of 15,000 m².
