AFTER THE SUCCESS OF MG3 THE STORY CONTINUES

MG3 made history with industrial tags - it was a **revolution!**
With MG4, CEMBRE offers innovative solutions in order to improve the **quality of work** of its users by utilizing the **technology and experience** in industrial marking gained from 20 years within this business sector.

In addition to the MG4A printer, the CEMBRE system includes the GENIUSPRO software, the new GENIUSPRO MOBILE APP, a vast catalog of consumables for thousands of applications and unparalleled **assistance and support**.

TOP PRECISION AND PRINT QUALITY

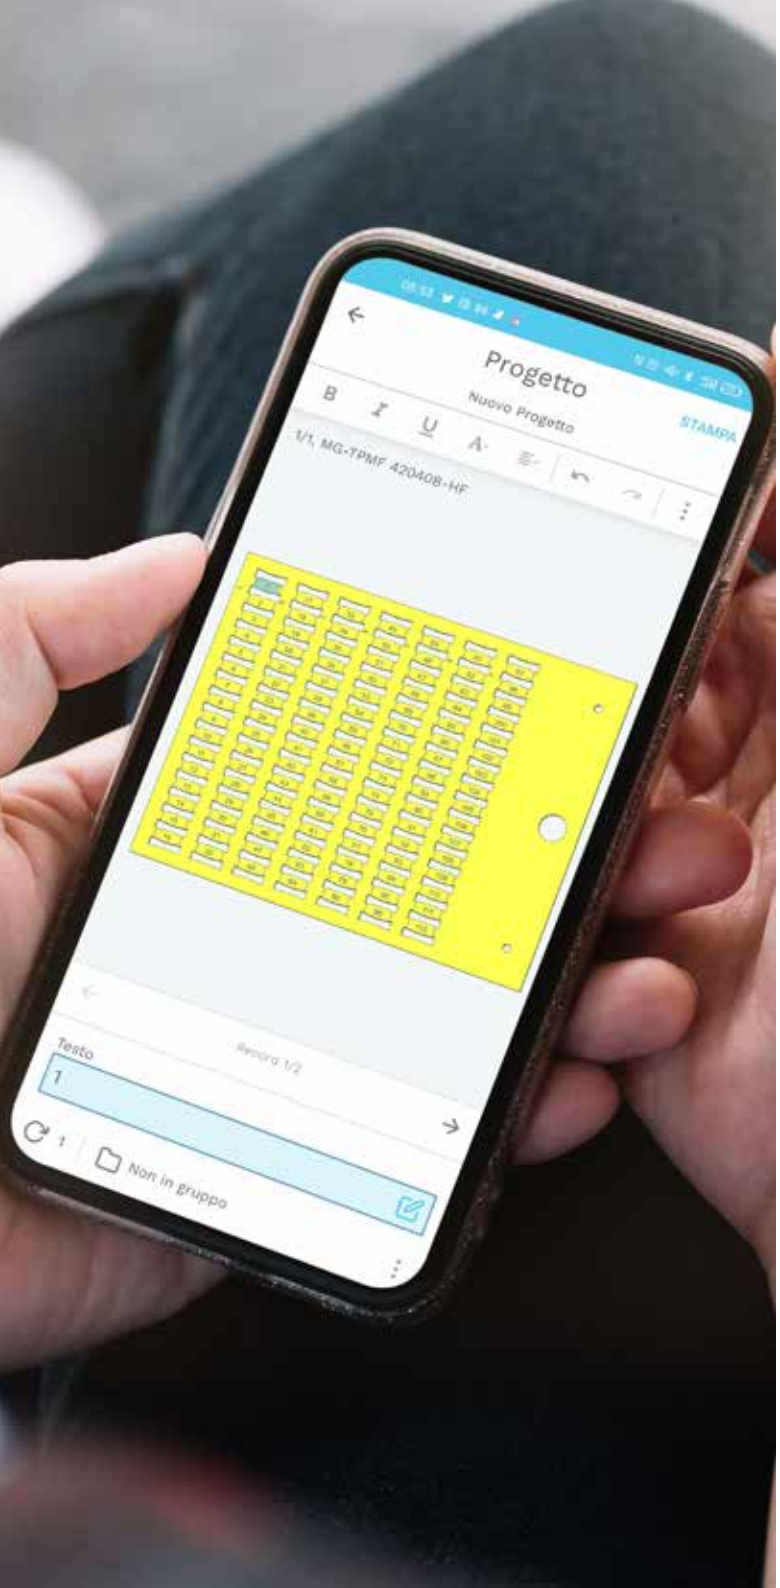
THE MARKINGENIUS®MG4 is CEMBRE's newest solution for identification & labeling requirements, designed to offer a **high quality and long-lasting print.** The system is capable of producing labels that include text, logos, electrical symbols, bar codes such as QR codes and all kinds of vector images.

Equipped with a **ribbon save system**, a useful function that allows you to consume only the ribbon needed for printing.

ROBUSTNESS AND RELIABILITY ALWAYS WITH YOU!

Its reliability and robustness mean that the MG4A can be used intensively, making it suitable for all kinds of applications and working environments.

The large on-board touch screen enables quick and easy management of print projects.



ALWAYS CONNECTED!

Today everything is connected, even MG4.

APP Geniuspro Mobile

The printer has many functions that facilitate connectivity and remote data exchange.

- **connected to the network** via USB, LAN or Wi-Fi
- **connected to mobile and fixed** devices in the absence of a network via Wi-Fi direct: you can carry out the project in the office and send it to your mobile phone via messaging systems

Wi-Fi **SHARE** **TOUCH DISPLAY**

USB **APP** **STATUS MONITOR**

LAN **Wi-Fi DIRECT** **BATTERY RECHARGEABLE**

FLEXIBLE MANAGEMENT OF WORK

With MG4, projects can be set up and created from a PC with the GENIUSPRO software for managing production orders or, if necessary, via the **GENIUSPRO Mobile App** developed by CEMBRE for IOS and Android devices (smartphones and tablets) for the latest changes on site to the electrical panel or equipment.

MG4

CEMBRE

ONE BATTERY, MANY TOOLS

MG4A can be used with either a power cord or with CEMBRE **CAS Alliance** rechargeable batteries. With the introduction of the battery system, taking the system from the office to the job site is easier than ever.

The interchangeable battery, which can power both MG4A and all CEMBRE tools, allows full portability of the printer.

Accessories such as a soft bag or rigid trolley for safe transport of the printer are also available.
