CEMBRE focused on these targets:

Business development thanks to:

- A **strengthening of CEMBRE competitive advantage** by developing **new products and continuous product range renewing** by an **intense R&D activity**
- Improvement of the distributor channel in foreign countries
- A **higher penetration in the foreign markets**, especially in the US and Germany
- A commercial commitment focus on **high growing potential products**

Cost management by a better operative efficiency obtained from economies of scale and process innovations

Enforcing the manufacturing structure by investing in high-tech, highly-automated machinery.

The automated warehouse, located in a **4,800 m² industrial building** built in 2012, with a storage capacity of 60,000 boxes (box size cm 60x40x32), has been operating from January, 2013.

In 2025, two new industrial buildings, for a total of 15,000 m², were completed. These will house the electrical connectors production line; the investment of this project has a maximum cost of € 42mln with no-repayable contributions for a maximum of € 4.9mln.
